

FREN 1002

SUMMER 2024 – **GT-Europe** Syllabus and Homework Assignments
SESSION DAYS/TIMES TBA

NOTE: Classes taught from Monday to Thursday, except during the first 2 weeks (then, classes will also be taught on Friday)

INSTRUCTOR INFORMATION

Instructor: Dr. Christophe Ippolito

GT Office: Swann 226 / GTL Office TBD, Summer Office hours: TBA

Email address: cippolito6@gatech.edu

<https://iac.gatech.edu/people/person/christophe-ippolito>

Students will work under the guidance of the instructor and use the VHL Supersite linked with the textbook «Promenades». The homework submission will be managed online.

Students who register for this course should recognize the value of language study, be genuinely interested in learning to communicate in French, and fully understand the level of autonomy and self-motivation required to reach the expected learning outcome. I will be readily available to help them along.

This course requires internet access and a computer with microphone and camera in working order.

Communication will be via Announcements. Please enable the notification preferences on your Canvas account if you have turned it off (Canvas > Account > Notifications > Announcement).

The best and quickest way to contact me is by e-mail to which I will usually respond within 24 hours. You are urged to visit my office hours, virtually or on site. We can set up individual appointments.

COURSE DESCRIPTION

The second part of an introduction to the French language and the culture of the French-speaking world. Completion of the survey of basic French grammar and further development of the four language skills. Aspects of everyday life in the French-speaking world will be introduced. Humanities credit awarded for [FREN 1001](#) upon successful completion of [FREN 1002](#) or [FREN 2001](#).

PRE OR/AND CO-REQUISITES: FREN 1001 at GT or PRINTED GT Modern Languages placement test indicating your level at <https://modlangs.gatech.edu/students/placement-tests>

Careful: No intermediate/advanced/native speakers.. Please review the registration information outlined at <http://modlangs.gatech.edu/students/registration> before enrolling in this course.

If you have taken French classes in high school/another college or are a heritage speaker, please take the placement test (<https://modlangs.gatech.edu/students/placement-tests>) and provide a printed copy of your score the first day of class.

COURSE GOALS AND LEARNING OUTCOMES:

Communication: Students will demonstrate oral proficiency at the Novice High/ Novice High/Intermediate Low level on the ACTFL scale upon completion of the course. They will comprehend French with sufficient ability to grasp the main idea and some supporting details in short conversations (both spontaneous and recorded) that relate to the topics mentioned below (ML learning outcome). Students will demonstrate the ability 1) to present themselves and/or others in class as well as “report back” to the others in a wide variety of contexts 2) to describe, narrate, and ask/answer questions in present, (recent) past, and future tense about a variety of topics related to daily routines, household chores, food and nutrition, health and medical conditions, and remedies, shopping for groceries errands, technology and electronics, nature and the environment 3) to make short statements and ask/answer simple questions in the present, (recent) past and future contexts 4) to give directions and offer assistance 5) to describe how they feel physically, explain car trouble and show people around the house 6) to give advice to others 7) to make comparisons 8) to express beliefs and opinions about issues; hypotheses, will, hopes, emotion, doubt and disbelief.

Writing proficiency: Students will produce short, simple written descriptions of themselves and/or others and write about topics such as food, technology, nature and the environment at the Novice High/Intermediate Low level on the ACTFL scale.

Intercultural skills and knowledge: Students will display the ability to recognize basic patterns regarding French mentalities & attitudes towards the environment, nuclear energy, small businesses, car use and technology practices, grocery shopping habits, and the register of socially acceptable attitudes & cultural practices to be used in specific contexts when in France (restaurant etiquettes, table manners). Students will gain knowledge of significant historical events from the French-speaking world.
